Sir,

I have the honour to state that during my recent visit to Maddagiri, the public of that place represented to me that the railings provided for the hill so far back as 1900 have all disappeared, and it is very dangerous for the public to walk up the huge and precipitous rock without such support, as it extends to a height of about 100 yards. I walked up the hill and made an inspection of the spot, and found that providing a railing for the place is an absolute necessity to guard against danger to persons visiting the place which is of historical importance. The Assistant Engineer, Maddagiri who was consulted as to the cost &c stated that it would be ^{from} Rs 300 to Rs 500 roughly. I then placed the matter for the consideration of the District Board at their meeting held on the 19th ultimo. The Board accepted the proposal and passed a resolution to the effect that the District Board agree to pay a contribution of not exceeding Rs 250/- for the purpose, the rest being contributed by the Government and the Municipality Maddagiri whose resources are limited.

A copy of the resolution is herein enclosed.

I therefore request that early sanction of Government may kindly be obtained to pay a contribution not exceeding Rs 250/- as resolved by the District Board for the purpose from the funds of the District Board, the amount being met from Rs 2,000/- provided under S. (d)
